## Grade Opens Tomorrow.

The new standard grade between Huntington and Weller, on the Oregon side of the Snake river will be open for traffic on Wednesday, June 28, according to R. H. Boldock, division engineer of the state highway department. This road will allow traffic between these points without

crossing Snake river at Olds Ferry. Surfacing operations of which 25 per cent is completed, are being pushed as rapidly as possible, with the expectation of completion by November 1. The new grade is in fair condition.

## Assault Case Continued.

Charges of assault and battery made in behalf of the state against Alvin Slight and Nile Martin were continued this morning by Justice Joe H. Parkes when it developed that the men were not prepared for trial. The charges grew out of the alleged conduct of the two men in the room occupied by Charles Howell at the Bowman hotel early Sunday morning. Eight transients were in court this morning on charges of stealing rides on a train. They were fined \$10 and costs in each case. None of the men had any money.

## Return From Fishing Trip.

L. A. McClintock and family have returned to Pendleton after a fishing trip in the lower valley. They were at White Salmon and Stevenson and enjoyed themselves on the trip.

## Buffalo Vernon Coming.

Buffalo Vernon, a familiar figure at the Pendleton Round-Up, will again visit the show this year during the three days of September. He is now at Miles City, Montana.

## Structure Rising Rapidly.

The new building being built by the Charles Co. to handle their wholesale trade is now well under way. It is of hollow tile and the walls have already been completed. The building faces on Garden street.

## Barometer Falling.

The barometer is falling a little and there is a prospect of cooler weather, says Major Lee Moorhouse, weather observer. The maximum today is 96 a degree warmer than yesterday. The minimum was 59 and the barometer registers 29.72.

## New Superintendent Chosen.

The vacancy in the Umatilla schools caused by the resignation of Harold Benjamin has been filled by the election of Harold A. Reed. Mr. Benjamin's resignation was the result of ill health. Mr. Reed is a graduate of the University of Oregon. His home is in Forest Grove.

## Will Redeem Victories.

Victory bonds that yield 4-4-4 per cent will be redeemed at par and accrued interest, according to a notice that has been received by Pendleton banks. A great many of this issue bonds are held by local people. The market quotations on the bonds now make them worth a premium of 54 cents on each \$100 bond.

## Field Work About Done.

The field assessment work of the county assessor's office is about done in Umatilla county, according to a statement today by R. O. Hawks, county assessor. In two or three districts deputies have not yet finished their work and turned in their reports. Mr. Hawks expects all of the work to be completed within a week or 10 days at the most.

## Pupils Show Progress.

Pupils at the practice school, being held in Pendleton under the auspices of the Summer Normal, are showing good progress, say teachers. Over 100 pupils are enrolled. The lower grades are in session at field school and the upper grades at the high school. The practice school is a new feature this year and is proving popular with Pendleton parents.

## John French Tries Out.

John French, of Gurdane, who last year won third place at the Cowboy Convention at Ukiah, is riding in the try-outs preparatory to entering the list July 4. Those who have seen the buckers say that John found it necessary to pull leather to stay atop "Crown Point," who gives promise of being one of the most spectacular buckers at the show.

## Umatilla Votes Bonds.

School bonds to the amount of \$15,000 were authorized yesterday in a special election at Umatilla, according to word brought to Pendleton today by W. A. Ford. The bonds are for the purpose of constructing a four-room school house for the use of the grade school. Mr. Ford is one of the most successful White Leghorn breeders in the county and now has about 500 specimens of the breed in his yards.

## Between Hartman and Dickson.

G. A. Hartman and Brook Dickson are now opposing each other for premier honors in the Pendleton Golf club. Hartman defeated Joe Tallman recently in their play, and yesterday Dickson handed Darr Phelps a defeat. Due to the absence of the former from the city, no definite arrangements have been made for the time of playing the championship rounds, but the winner probably will be decided not later than Sunday.

## Pair Plead Guilty.

Elsie Rice and E. W. Steele, arrested last week as a result of a raid made by local and state officers of premises occupied by them, were given fines of \$250 each and costs this morning in the court of Justice Joe H. Parkes. The men entered pleas of guilty to the charge of having intoxicated in their possession. When the still which the two men had been operating was examined by deputy sheriffs, cornmeal, potatoes, apple cores and other refuse of a like nature were found in the vessel.

## HAWAII IS GRIPPED BY THE RADIO RAGE

HONOLULU, T. H., June 27.—All Hawaii has gone "radio crazy!" The craze for radiophones which is sweeping the mainland of the United States has now reached the islands, 2,000 miles out in the Pacific. Companies handling the new apparatus report that they are unable to satisfy the demand for outfits, or even to keep within reasonable distance of their orders, which are now piled so high that at least six months will be required to fill all of them without allowing for new orders which will come in meanwhile.

In Honolulu and Hilo, the two leading cities of the territory radio clubs have been organized, with large memberships. Smaller clubs or branches of the two main organizations are being formed in every town and village. Talks and lectures by expert operators feature the weekly meetings of these clubs, which are largely attended and most enthusiastic.

A remarkable feature of the craze as it affects Hawaii is the fact that it has hit not alone the white races but the Hawaiians and Orientals as well, many of the most enthusiastic operators of radiophones being of the latter-named races. What the result may be on future aerial conversation is difficult to determine, as the languages involved are numerous and divergent.

## MAN BURNED NEAR SEATTLE

SEATTLE, June 27.—(U. P.)—Ceciliano Volpone, 58, was burned to death when a fire trapped him in a barn on the Duwamish truck farm. Four horses, a dog, two cats, two automobiles and two trucks were also burned. The total property loss was seventeen thousand.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly not the beauty and whiteness of your skin.

## MAN AND WIFE FORM A LAW PARTNERSHIP

KANSAS CITY, Mo., June 27.—Not satisfied with the strength of the bond which links them in marital partnership, Alfred E. Carroll and Lucy—his wife—are now contemplating strengthening their marital relation links by entering a virtual legal partnership.

And this is just one instance of the feminine invasion of the legal fraternity that is impending, if the personnel of the 1922 graduating class of the Kansas City school of law is an indication.

The Carrolls are members of this class of the school. Although Mrs. Carroll does not plan to practice she hopes to be of tremendous assistance to her husband in his legal tasks.

In addition to Carroll & Carroll, there are several other unusual combinations in this year's class. Lyle M. and Sarah Lucile Turner, brother and sister, will receive their degrees of LL. B. at the same time. Legal tangles will receive both a masculine and a feminine review from this pair.

Loretta Cecilia and Mary Catherine McDonnell, sisters, also will receive their "sheepskins" this year. They as yet have not made plans for the establishment of a firm.

Two brothers—Charles Franklin Melching and Roy Arthur Melching—will complete their law school education at the same time. Announcement of their probable partnership has been made.

Of the probable 110 graduates eight are women. This number is unusual, because numerous classes have no women enrolled.

About 70 per cent of the class has planned to practice law in Greater Kansas City.
